SLALOM RACE SUIT FOR ATHLETES WITH ONE LEG

BY KRISTOFER THORGRIMSSON

PROBLEM STATEMENT

**HOW COULD THE RACE SUIT HELP MALE
ATHLETES WITH ONE LEG MAINTAIN THEIR
SPEED THROUGH THE SLALOM CURVES &
PROVIDE THEM WITH BETTER PROTECTION,
TURNING ABILITY AND STABILITY?**

FEATURES & BENEFITS

Internal padding for protection

Tight fit for better aerodynamics

Support at knee for better stability and balance

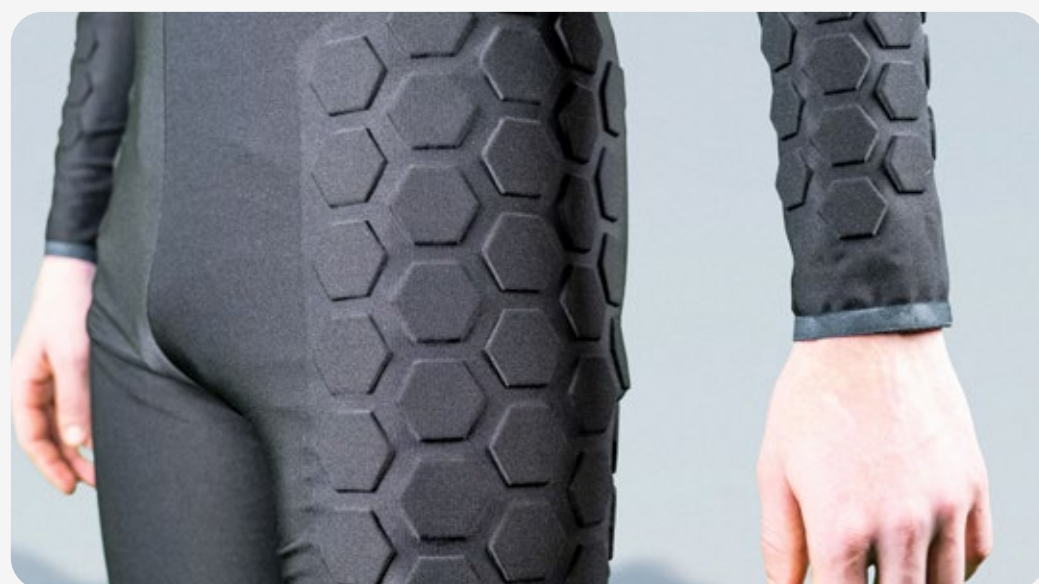

Attachable shin guards
for protection when
navigating past the poles

Airplane structure on shin
guards to create lift and make
turning to the right easier
